50 YEARS EXPERIENCE

ABOUT ME AND WHAT I STAND FOR

Peter Kasavetis · Director, Finance and Property · SIR Properties

50 Years of Experience in Banking, Finance and Real Estate
With over 50 years across banking, finance and real estate, I bring deep, practical expertise in residential and commercial lending, and in residential and commercial property.

My career began at NAB, where I spent 25 years in International Trade and Consumer Finance. I went on to St George Bank as a senior mobile lending manager, LJ Hooker Financial Services as a senior loans consultant, and Yellow Brick Road as a wealth manager. Over the past decade I have run a PRD Real Estate franchise while working as a wealth manager at G Square. Today I lead finance and property at Sir Properties.

Throughout my career, my focus has been on guiding, educating and supporting individuals, families and business owners to make informed financial decisions and achieve their personal, family and business goals.

My mission is to help clients build and protect their wealth through strategic financial planning, property investment, wealth creation and tax-minimisation strategies, with a strong focus on financial independence and security in retirement.

I help clients with:

- Buying a first home or upgrading
- Residential property investment
- Commercial property and business finance

"*I believe that the community deserves to know everything about their finances and property purchases. The financial industry can be clinical in using confusion to its advantage. My job is to cut through the confusion and help the community understand their financial needs in every situation and provide solutions.*"

I believe that with the right guidance, knowledge and strategy, clients can create a stronger financial future, preserve their wealth and build a lasting legacy for generations to come.

My commitment is simple: to empower people with the knowledge, strategies and confidence to achieve their financial goals and enjoy a more secure and successful future.
